Dear Knight Transportation Customer,

We are pleased to announce that Knight Transportation Inc. now owns Barr-Nunn Transportation, a 550-truck dry van truckload carrier based near Des Moines, Iowa. Adding Barr-Nunn to the Knight family of companies will afford Knight expansion through a safe and service-sensitive company while affording Barr-Nunn access to substantial capital resources for growth.

Barr-Nunn has a strong niche in the expedited and highly scheduled marketplace, as well as a substantial presence in most eastern markets. Barr-Nunn will continue to operate as a separate company under its existing operating authority with its customer contracts and agreements remaining in effect.

Knight would like to thank you for the opportunity to continue to provide you with capacity and the highest quality service and value. Service, safety, and value are hallmarks of Barr-Nunn as well. We look forward to continuing our successful relationship.

If you have any questions, please contact me directly at 602-606-6581 or via email at jimu@knighttrans.com.

Thank you very much,

Jim Updike
Executive Vice President Sales and Marketing
Knight Transportation, Inc.
